

Chief Executive Officer, Royal Victoria Hospital Foundation

Create closer relationships with the hospital and the community, and build an incredible future.

Barrie, Ontario, is not just a thriving city of 128,000 people; it is also the anchor community for one of Ontario's fastest growing and most beautiful regions. As Barrie's only hospital and the regional referral centre for specialty services, the Royal Victoria Hospital (RVH) is growing to meet the unprecedented demand for care. An ambitious expansion program is underway and will double the size of the hospital and add the Simcoe-Muskoka Regional Cancer Centre by 2012. The Royal Victoria Hospital Foundation is in the final stages of an extremely successful capital campaign launched in 2005. This \$35-million campaign demonstrates the extraordinary connection linking the hospital, the Foundation and the region. As the Chief Executive Officer of the Foundation, your principal mission is to build on the momentum to ensure that Barrie and the Simcoe-Muskoka regions will have continued access to responsive, quality healthcare in the future. This is a dynamic time, as the Foundation prepares and builds for an exciting future.

The RVH Foundation is an essential partner in providing exceptional care in the Simcoe-Muskoka region. The Foundation supports the Royal Victoria Hospital with the necessary funding to bring urgently needed state-of-the-art medical equipment, facilities and healthcare programs close to home. Working in concert with the Hospital Board and Senior Leadership Team, you will take the capital campaign to the finish line, and begin planning for an aggressive and creative annual campaign. Not only will you rally your Foundation Board and team around a new spirit of progressive disciplines and creative thinking, you will also intensify relationships with the generous donors and volunteers who enthusiastically support RVH. Reach out to seasonal residents in cottage country to become more involved. Continue to organize and expand the Royal Victoria Society, and host of one of Barrie's premier philanthropic events.

You are an accomplished, experienced executive in the fund development sector, and have established your reputation as a progressive, successful organization builder. A strategic thinker, tireless community leader and hands-on coach, you will create the future with the Foundation Board of Directors, the hospital and the community by adding vision and energy to a Foundation that is ready to build on a network of extraordinary relationships.
