

EXECUTIVE DIRECTOR, BELLEVILLE GENERAL HOSPITAL FOUNDATION

As a proven leader, you will take the Belleville General Hospital Foundation to the next level. Having just completed the Charlotte Sills Wing and being in the midst of a variety of other expansion projects, the need for support from the Foundation is at a peak. With a dedicated Foundation team, an involved and committed board and donors that continue to be loyal and supportive the base is there to move the Foundation forward.

The BGH Foundation supports patient care needs at both the Belleville General and North Hastings sites of Quinte Health Care. The Foundation has recently turned over \$16 million as its commitment to Phase I of the Sills Redevelopment at Belleville General. There are existing events that continue to provide sources of donations and we need to supplement those with additional and diverse fundraising activities.

Qualified candidates will be recognized leaders in their community and will bring with them experience in utilizing many programs and strategies to meet fundraising goals.
