

Jeremy Hampson

Since 1996, Jeremy Hampson has been advising families and business owners on how to significantly reduce their income and estate taxes through the implementation of philanthropic planning.

He is a sought after planned giving consultant and speaker, having presented at many local and national conferences. He has helped raise over \$1M for the special needs community and currently he is leading a capital campaign to raise \$2M for the construction of a family resource center.

Given Jeremy's passion and his understanding of the many financial limitations charitable organizations face, he has made it a personal objective to help initiate \$100M of philanthropic gifting over the next 10 years.
